

Mapett Travel & Logistics Ltd.

LOGISTICS • LUBRICANTS • SEALS & TAGS • TRAVEL

COMPANY PROFILE

Integrated Logistics • Lubricant Solutions • Seals & Tags • Travel Solutions

Executive Summary

Mapett Travel & Logistics Ltd is a Kenyan company headquartered in Mombasa, providing integrated logistics, lubricant solutions, seals and tags, travel solutions and digital commerce solutions.

The business is structured around four complementary divisions: Mapett Logistics Solutions, Mapett Autostore & Lubricants, Mapett Travel Solutions and Mapett Store. Together, these divisions create a diversified platform serving individuals, SMEs, corporates, institutions and other organizations.

Our operating philosophy is built around integrity, professionalism, technology-driven service, ethics, customer service, community service, value for money and operational efficiency. Technology and E-Commerce support better customer service, wider market access, improved coordination and scalable business growth.

Mapett Travel & Logistics Ltd supports customers across multiple commercial needs, including cargo movement and clearance, freight and transport coordination, lubricant and operational product supply, seals and tags, travel solutions and digital commerce.

Integrated Business Model.

Four complementary divisions allow the business to serve multiple customer needs while creating opportunities for cross-selling, digital growth, strategic partnerships and recurring commercial relationships.

Technology-Led Growth.

Technology and E-Commerce are strategic pillars supporting online sales, digital customer engagement, marketplace development, operational coordination and future scalability.

Institutional Focus.

The company is structured to present a credible, professional and commercially disciplined proposition to corporate customers, investors, banks, insurers, suppliers and other institutions.

Company Overview

Mapett Travel & Logistics Ltd is a diversified Kenyan business headquartered in Mombasa, positioned to serve businesses and consumers requiring integrated logistics, lubricant solutions, seals and tags, travel solutions and digital commerce solutions.

Mapett Logistics Solutions coordinates cargo movement and clearance through Customs Clearing & Forwarding, Air Freight, Ocean Freight, Road & Rail Transport, Refrigerated & Special Cargo, Warehousing & Storage and Logistics-Related Insurance Solutions.

Mapett Autostore & Lubricants operates as an online shop supplying automotive, construction, agricultural, food-grade and industrial lubricants, together with seals and tags, safety products, vehicle batteries, tyres and vehicle accessories.

Mapett Travel Solutions provides end-to-end travel support, including Air Travel & Flight Bookings, Hotel & Accommodation Bookings, Visa Processing Support, Travel Insurance, Tours & Safari Packages, Airport Transfers and Travel Essentials.

Mapett Store is our multi-vendor marketplace concept, designed to connect buyers and sellers and provide a digital environment for trading across selected consumer, automotive, business and general merchandise categories.

Service Reach.

We serve customers across Kenya and support regional requirements within East Africa. For international logistics and travel requirements, we coordinate through relevant airlines, freight providers, travel platforms, accommodation providers and other strategic partners, subject to the scope of each assignment.

Our Business Philosophy.

Our operating philosophy is built around integrity, professionalism, technology-driven service, ethics, customer service, community service, value for money and operational efficiency. We combine professional people, practical processes, digital tools and appropriate partnerships to deliver dependable outcomes while creating value for customers, partners and the communities in which we operate.

Ownership & Corporate Identity

100% Kenyan-Owned.

Mapett Travel & Logistics Ltd is 100% Kenyan-Owned. The company is committed to professional leadership, responsible business practices and meaningful participation in Kenya's commercial economy.

Our ownership profile is part of our corporate identity, while our commercial proposition remains focused on capability, performance, integrity, professionalism and value creation.

Corporate Identity.

100% Kenyan-Owned Company.

 Professional Commercial Orientation.

 Partnership-Driven Operating Model.

 Capability- and Performance-Focused.

 Technology- and E-Commerce-Focused.

 Growth-Oriented and Diversified.

Institutional Approach.

For corporate, banking and tender engagements, we emphasize clear documentation, defined service scope, responsive communication, operational coordination and commercially responsible execution. Where a service depends on a specialist third party, we coordinate with appropriate partners rather than overstating in-house capabilities.

Purpose, Vision & Mission

Our Purpose.

To provide practical, integrated and customer-focused logistics, lubricant solutions, seals and tags, travel solutions and digital commerce solutions that make business and everyday transactions simpler, safer and more efficient.

Our Vision.

To become a trusted and innovative multi-sector business partner in Kenya and the wider East African region, recognized for professional service, operational efficiency, technology and value for money.

Our Mission.

To deliver reliable, efficient and cost-effective solutions by combining professional people, technology, strategic partnerships, product access and a strong commitment to customer satisfaction.

Strategic Priorities.

 Operational Efficiency.

 E-Commerce Growth.

 Reliable Product Availability.

 Integrated Logistics Capability.

 Technology Adoption.

 Strategic Partnerships.

 Premium Travel Services.

 Sustainable Commercial Growth.

Our Core Values

Integrity.

We conduct business honestly, ethically and transparently, and we value trust in every relationship.

Professionalism.

We maintain high standards of competence, communication, accountability and customer service.

Value for Money.

We focus on solutions that deliver practical value, competitive commercial outcomes and responsible use of customer resources.

Operational Efficiency.

We continuously seek better ways to coordinate people, processes, technology and partners so that work is completed effectively.

Innovation.

We embrace technology, E-Commerce and new approaches that improve convenience, access and performance.

Customer Focus.

We listen to customers, understand their requirements and design practical solutions around their needs.

Accountability.

We take responsibility for commitments, communicate openly and work to deliver agreed outcomes.

Teamwork.

We collaborate with customers, suppliers, partners and internal teams to achieve stronger results.

Our Four Business Divisions

Mapett Logistics Solutions.

Integrated cargo, customs, freight and supply chain coordination.

Mapett Autostore & Lubricants.

Online supply of lubricants, seals and tags, safety and vehicle products.

Mapett Travel Solutions.

Travel planning, bookings, visa processing support, insurance, holidays and travel essentials.

Mapett Store.

A multi-vendor digital marketplace connecting buyers and sellers.

The four divisions are complementary. Mapett Logistics Solutions supports cargo movement and supply chain coordination; Mapett Autostore & Lubricants supplies lubricants, seals and tags, safety and vehicle products; Mapett Travel Solutions serves corporate and leisure travellers; and Mapett Store provides a scalable digital marketplace for a wider range of products.

Mapett Logistics Solutions

Mapett Logistics Solutions provides coordinated cargo and supply chain services for importers, exporters, manufacturers, distributors, project operators, institutions and other organizations.

Core Logistics Services.

 Customs Clearing & Forwarding.

 Ocean Freight.

 Rail Transport.

 Warehousing & Storage.

 Logistics-Related Insurance Solutions.

 Air Freight.

 Road Transport.

 Refrigerated Cargo Clearance & Transport.

 Special Cargo Clearance & Transport.

Customs Clearing & Forwarding.

We coordinate import and export customs clearance, documentation, port and airport cargo processes, transit cargo requirements and other clearance-related activities. Our focus is on accurate coordination, timely communication and reducing avoidable delays in the movement of cargo.

- **Import and export customs clearance coordination**

- Transit and port cargo coordination

- **Air and Ocean Freight clearance support.**

- Customs documentation and process coordination

- Cargo handling and delivery coordination

- **Project and special cargo coordination**

Air Freight & Ocean Freight.

We support Air Freight and Ocean Freight requirements by coordinating cargo movement, documentation, clearance and onward delivery through relevant logistics partners and service providers.

Road & Rail Transport.

We coordinate inland cargo movement by road and rail, linking ports, warehouses, businesses and delivery points. Solutions may include container haulage, commercial cargo movement, distribution coordination and rail-linked cargo movement.

Refrigerated & Special Cargo.

For temperature-sensitive, oversized, project or otherwise specialized cargo, we coordinate appropriate clearance, handling, storage and transport requirements with relevant operational partners.

Warehousing & Storage.

We coordinate storage and warehousing solutions to support customs clearance, inventory holding, distribution and onward delivery requirements.

Logistics-Related Insurance Solutions.

We facilitate appropriate logistics and cargo-related insurance solutions through insurance partners, helping customers consider risk protection for cargo movement and related operations.

Mapett Autostore & Lubricants

Mapett Autostore & Lubricants is our online shop for automotive, construction, agricultural, food-grade and industrial lubricants, seals and tags, safety products and vehicle products. The division serves motorists, fleet operators, transport companies, contractors, agricultural enterprises, workshops, industrial users and logistics operators.

Lubricant Portfolio.

-  Automotive Lubricants.
-  Agricultural Lubricants.
-  Industrial Lubricants.
-  Hydraulic Oils.
-  Transmission Oils.
-  Brake & Clutch Fluids.
-  Degreasers.

-  Construction Lubricants.
-  Food-Grade Lubricants.
-  Engine Oils.
-  Gear Oils.
-  Differential Oils.
-  Coolants.
-  Greases.

Seals & Tags.

We supply seals and tags designed to support cargo security, identification, traceability and operational control. Product selection is matched to the security, application and traceability requirements of the customer.

High-Security Bolt Seals.

Heavy-duty bolt seals are designed for shipping containers, cargo trucks, rail cars and cross-border logistics. Where applicable, ISO 17712-compliant high-security seals can be specified for relevant international cargo security requirements.

Cable & Specialized Seals.

Our range can include cable, meter, padlock, strap, clip and other specialized sealing formats for applications requiring flexible or application-specific security.

Plastic & Pull-Tight Seals.

Plastic and pull-tight seals provide practical tamper-evident solutions for containers, trucks, tanks, doors, courier bags, luggage and other controlled assets. Options may be customized with sequential numbering, logos, barcodes or other identification formats, subject to supplier specifications.

Security Tags & Custom Identification.

Security tags and customized identification can support asset and cargo control through sequential numbering, branding, barcodes, QR codes or other agreed identification formats.

Applications & Customization.

Typical applications include shipping containers, trucks, trailers, tankers, rail cargo, warehouses, distribution centres, courier shipments, luggage, utility meters and other controlled assets. Customization options are selected according to the application and supplier specification.

Logistics Security & Safety Products.

 Logistics & Security Seals.

 Security Tags & Custom Identification.

 Safety Shoes for Logistics & Transport Operations.

Our logistics security and safety range supports cargo control, identification and operational safety across logistics, transport, warehousing and related environments.

Vehicle Products.

 Vehicle Batteries.

Vehicle Tyres.

 Vehicle Accessories.

Online Shopping Experience.

The division uses digital commerce to make product discovery, enquiries and purchasing more convenient. The online model supports broader market reach and provides a foundation for expanding product categories and customer access.

Mapett Travel Solutions

Mapett Travel Solutions provides practical travel planning and booking support for individuals, families, groups, corporate travellers and organizations.

Travel Services.

 Air Travel & Flight Bookings.

 Visa Processing Support.

 Tours & Safari Packages.

 Airport Transfers.

 Hotel & Accommodation Bookings.

 Travel Insurance.

 Travel Essentials.

Air Travel & Flight Bookings.

We assist customers with flight planning and booking options based on itinerary, timing, destination and budget requirements. We work with local low-cost carriers, regional carriers and major international commercial carriers, and can also coordinate charter flight bookings.

Hotel & Accommodation Bookings.

We assist with hotel selection and booking for leisure, business, group and corporate travel requirements. We also arrange other types of accommodation, including Airbnb, homestays and apartments, among others.

Visa Processing Support.

We provide visa processing assistance and guidance on documentation and application processes relevant to the customer's destination. We can process applications on behalf of clients except where the applicant is required to visit an embassy or visa application centre in person. Visa decisions remain with the applicable immigration or consular authorities.

Travel Insurance.

We facilitate travel insurance options through relevant insurance providers and partners, helping travellers consider protection for eligible travel-related risks.

Tours & Safari Packages.

We arrange safari, tour and holiday packages, with options that can be tailored around destination, duration, accommodation, transfers, activities and budget.

Airport Transfers & Travel Essentials.

We coordinate airport transfers and offer selected travel essentials designed to make journeys more comfortable and convenient.

Mapett Store — Digital Marketplace

Mapett Store is our multi-vendor marketplace designed to connect buyers and sellers through a convenient digital platform.

The marketplace model is intended to create an accessible channel for businesses, entrepreneurs and individual sellers to reach customers, while giving buyers a broader range of products through one online environment.

Core Marketplace Categories.

 Commodities.

 Home & Garden.

 Business Supplies.

 Automotive Products.

 Consumer Goods.

 General Merchandise.

Digital Commerce.

Mapett Store supports online product discovery and purchasing, digital customer engagement, multi-vendor marketplace development and broader supplier and product access. Additional digital business solutions are presented in the Technology, Digital Transformation & E-Commerce section.

Markets & Customers We Serve

Our diversified model enables us to serve both institutional and individual customers across multiple sectors.

 Manufacturing.	 Construction.
 Agriculture.	 Automotive.
 Transport & Logistics.	 Corporate & Business Services.
 Retail & Wholesale.	 Healthcare & Pharmaceuticals.
 Government & Public Institutions.	 NGOs & Development Organizations.
 Individual Consumers.	 Leisure & Business Travellers.

Customer Types.

Our target customer base includes:

- Importers and exporters.
- SMEs.
- Corporates.
- Institutions.
- Fleet operators.
- Contractors.
- Manufacturers.
- Retailers.
- Travellers.
- Other consumers seeking reliable products and services.

Operating Model & Service Delivery

Our operating model is designed around clear requirements, appropriate solution selection, coordinated execution and responsive customer support.

1. Consultation.

Understand the customer's needs and requirements, objectives, timeline and budget.

2. Solution Design.

Develop a practical service or product solution suited to the requirement.

3. Planning & Coordination.

Coordinate documentation, suppliers, transport, bookings, warehousing, partners and other requirements.

4. Execution.

Manage the agreed service or transaction while maintaining communication with the customer.

5. Delivery / Completion.

Complete delivery, booking, clearance, transfer or transaction as applicable.

6. Customer Support.

Remain responsive to queries, follow-up requirements and service improvement opportunities.

Operational Efficiency.

Operational efficiency is central to our business. We aim to reduce unnecessary process steps, improve communication, use technology where it adds value, coordinate partners effectively and provide customers with clear information throughout the service cycle.

Technology, Digital Transformation & E-Commerce

Technology is a core business enabler across Mapett Travel & Logistics Ltd. Digital tools support customer access, purchasing convenience, communication, operational coordination and scalable growth across the four divisions.

 E-Commerce.

 Digital Marketplace.

 Operational Information.

 Scalable Digital Growth.

 Online Product Sales.

 Digital Customer Engagement.

 Partner Coordination.

 Responsible Handling of Business Information.

Why Technology Matters.

- Improves convenience and accessibility.
- Supports broader geographic reach.
- **Enables scalable E-Commerce growth.**
- Strengthens customer communication.
- Supports more efficient business processes.
- Creates opportunities for new digital products and services.

Strategic Partnerships & Supply Network

Our service model relies on professional coordination with relevant service providers and commercial partners. Through our strategic partner network, we can extend capability, access specialized resources and provide coordinated solutions across logistics, products, travel and digital commerce.

 Airlines & Air Cargo Partners.

 Transport Providers.

 Insurance Partners.

 Tour & Safari Operators.

 Technology & Digital Partners.

 Shipping Lines & Ocean Freight Partners.

 Warehousing Providers.

 Hotels & Accommodation Providers.

 Product Manufacturers & Suppliers.

We seek to build relationships based on reliability, commercial fairness, clear responsibilities and service quality. Partner engagement is evaluated according to the requirements of each assignment.

Quality, Risk Management & Responsible Business

Quality & Service Standards.

Our commitment to quality is expressed through accurate communication, professional coordination, attention to customer requirements and continuous improvement. We seek to provide customers with clear service scope, practical options and timely updates.

Risk Management.

Logistics, travel and commerce involve operational, financial and third-party risks. We manage these by defining requirements clearly, coordinating with appropriate partners, considering insurance where relevant, maintaining documentation and communicating material changes to customers.

Responsible Commercial Practice.

Integrity is fundamental to our commercial relationships. We aim to conduct business transparently, maintain appropriate records, honour commitments and work with customers and partners in a professional manner.

Insurance & Risk Transfer.

Where appropriate, we facilitate logistics, cargo and travel-related insurance solutions through relevant insurance partners. Applicable policy terms, exclusions and underwriting decisions remain subject to the respective insurer.

Corporate & Tendering Capability

Mapett Travel & Logistics Ltd presents a diversified but clearly structured business model suitable for engagement with corporate customers, financial institutions, suppliers, strategic partners and tendering organizations.

For Corporate & Institutional Clients.

- **Integrated logistics and supply chain coordination.**
- **Lubricants, seals and tags, safety and vehicle product supply.**
- **Travel solutions and corporate travel support.**
- **Digital commerce and marketplace solutions.**
- Professional customer communication and account support.
- **Flexible solutions coordinated around specific requirements.**

For Tender Opportunities.

Our profile can support tenders involving integrated logistics and supply chain coordination, Customs Clearing & Forwarding, Air Freight, Ocean Freight, Road & Rail Transport, Warehousing & Storage, Refrigerated & Special Cargo, lubricants, seals and tags, safety and vehicle products, travel solutions and digital commerce solutions, subject to the specific tender requirements and any mandatory qualifications.

For Banks & Financial Institutions.

Our diversified model combines service revenue opportunities with product sales and digital commerce, while the four-division structure provides a clear view of the business activities and growth areas. The company places emphasis on operational efficiency, value for money, technology and disciplined commercial relationships.

For Investors & Strategic Partners.

The business offers several potential growth engines: expansion of logistics services, growth of Mapett Autostore & Lubricants, development of Mapett Travel Solutions and scaling of the Mapett Store marketplace. Technology and E-Commerce provide a common growth layer across the divisions.

Important Supporting Documents.

For formal tender, banking or investment submissions, this profile should be accompanied where required by the relevant corporate registration documents, tax documentation, licenses, ownership documentation, financial information, bank information, references, product certifications and other supporting documents applicable to the specific opportunity.

What Makes Mapett Different.

Mapett Travel & Logistics Ltd brings together integrated logistics, lubricant solutions, seals and tags, travel solutions and digital commerce under one business platform. This enables customers to access complementary products and services through a professionally coordinated and diversified business.

Our focus on technology, E-Commerce, operational efficiency, professionalism, value for money and strategic partnerships is intended to strengthen the customer experience while supporting sustainable commercial growth.

Growth Outlook

Mapett Travel & Logistics Ltd is building a scalable business platform with growth opportunities across all four divisions.

- | | |
|--|--|
|  Expand logistics and freight coordination. |  Strengthen inland transport & warehousing network. |
|  Expand Autostore product portfolio. |  Scale online sales and digital commerce. |
|  Grow Mapett Store marketplace. |  Expand travel products and corporate travel. |
|  Build strategic supplier and service partnerships. |  Increase regional market reach. |
|  Invest further in technology and digital operations. | |

Our long-term objective is to build a trusted, technology-enabled business platform capable of creating value for customers, suppliers, partners, employees and other stakeholders.

Our Commitment

At Mapett Travel & Logistics Ltd, we are committed to building a business that customers and partners can trust.

 Integrity in every relationship.

 Professionalism in every engagement.

 Value for money in every solution.

 Operational efficiency in every process.

 Technology where it creates real value.

 Customer focus in every interaction.

We will continue to improve our systems, strengthen our partnerships, expand our product and service offerings and invest in digital commerce. Our objective is not simply to grow, but to grow responsibly while delivering practical value to the markets we serve.
